Make In India: An Initiative towards Self-reliance

As India continues its journey towards becoming a global manufacturing hub, the manufacturing sector is projected to contribute over USD 500 billion annually to the global economy by 2030. This growth is being driven by significant investments in infrastructure, a surge in industrial production, and forward-thinking government initiatives such as the "Make in India" campaign.

In alignment with the Government of India's vision, 'MAKE in India', the **8th Edition of the INDIA MANUFACTURING SHOW (IMS 2027)** will be held from **11-13 November 2027** at the **Bangalore International Exhibition Centre (BIEC), Bangalore**. **IMS 2027**, India's flagship manufacturing technology and innovation expo is jointly organized by Laghu Udyog Bharati and India Exposition Mart Ltd. With strategic support from Govt institutions and leading industry associations, the 8th India Manufacturing Show is your gateway to cutting-edge technologies and innovation!

Following the success of its previous 7 editions, IMS has emerged as India's leading platform for showcasing advancements in Aerospace, Defence, Testing & Measuring Equipment, General Engineering (Including Machine tools), Pumps & Valves, Industrial Automation & Robotics, Electrical & Electronics industries. The upcoming edition promises to be bigger and more impactful, offering a robust platform for technology demonstrations, B2B matchmaking, and global trade partnerships

FOCUS SECTORS

Aerospace & Defence

Projected to reach USD 70 billion by 2030; strong opportunities for MSMEs via indigenization and defence offsets

Automation & Robotics

The industrial Automation and Robotics market reached USD 7.57 billion in 2024, projected to reach USD 15.96 billion by 2033, at a CAGR of ~8.6% (2025-33)

Electrical & Electronics

Market growing at 11.68% CAGR; electronics to exceed USD 300 billion by 2026

Testing & Measuring Equipment

Quality-centric manufacturing with global growth at 8% CAGR

General Engineering (Including Machine Tools)

The engineering & capital-goods industry contributes about 12 - 13% of manufacturing output and around 1.8-1.9% of GDP.

Pumps & Valves

The India Test & Measurement (T&M) equipment market was valued at approx. USD 941.5 million in 2024, and is expected to reach USD 1,428.94 million by 2033.

HIGHLIGHTS OF 8th **IMS** 2027

700+
Exhibitors

VISITORS PROFILE

- Aerospace & Defence Establishment Representatives
- Government and PSU Delegations
- Engineers, Project Managers & Plant Heads
- Trade Delegations from various Industry Sectors
- Component Manufacturers
- Large and Medium Scale Industry Professionals
- R & D Institutions
- Exporters and Importers

SPACE BOOKING TARIFF

Booth Type	Built-up Stand	Bare
Rate-Indian (INR/sqm)	₹11,000	₹10,000
Rate-Overseas (USD/sqm)	\$225	\$200
Min. Area	9 sqm	36 sqm

- 2 Side open 10% of the space charges.
- 3 Side open 15% of the space charges.

Note: All Charges are Excluding 18% GST.

Book Early. Secure premium space. Showcase your business where the world comes to source manufacturing solutions.

Special MSME Offer:

- 80% refund for 9 Sqmt Stall for MSME exhibitors on "First-Come-First" basis
- Upto 25,000 reimbursement for logistics and marketing expenses
- 100% refund for women, handicapped, and special caste category exhibitors

About the Organizers

IMS Foundation is an organization in service for the well-being and overall development of the Manufacturing Sector in India having its office in Bangalore. IMS Foundation conducts seminars, workshops, training programs, study circle meetings, leadership camps, symposia & lectures on various topics of national importance, more particularly relevant to the advancement of skills and efficiency in industries and entrepreneurship for the Micro, Small and Medium Scale Industries, install honours and awards to exceptional achievers in various fields.

Laghu Udyog Bharati-Karnataka (LUB-K) is the state chapter of LUB, dedicated to serving 24 districts of Karnataka. It focuses on empowering entrepreneurs in the micro and small industries. With a robust membership of 1,200, LUB-K actively promotes business development across the state and maintains strong connections with all leading chambers of commerce.

India Expo Centre & Mart is situated in Greater Noida, NCR falls amongst the top 4 India's largest integrated exhibitions and conventions venues in India, spread across 58 acres of land, with a build-up complex of 2,34,453.29 sq. mtrs. IEM is equipped with modern-day technological facilities for exhibition and convention, paired with pertinent conveniences and safety measures. Also, suitable for hosting international events, business meetings and conferences.
