LAGHU UDYOG BHARATI

VISION

To be the leading MSME organization in Karnataka that empowers business growth by adding value to its stakeholders and promoting inclusiveness in everything we do.

ABOUT LAGHU UDYOG BHARATI

Laghu Udyog Bharati (LUB) is a not for profit All India Organization focused on Micro & Small Enterprises. It has presence in 27 States of India and has a membership base of more than 70,000+ enterprises across the country

LAGHU UDYOG BHARATI-KARNATAKA CHAPTER

Laghu Udyog Bharati - Karnataka (LUB-K) is the State Chapter of LUB Catering to the 29+ districts of Karnataka and works towards the empowerment of entrepreneurs in Micro and small industrial sector and a broader vision to cater to all the 31 districts of Karnataka. As on June 2026 over 2500+ members are in LUB-K fold, out of which 550+ are women entrepreneurs.

LUB-K plays an active and important role in promoting business in the State and has an excellent domestic network with leading Chambers of Commerce industries. Being the apex organisation in Karnataka that represents MSME sector, LUB-K host seminars / Workshops and interacts with Senior Government officials, both from the Centre/ State on critical issues concerning MSME business on a regular basis.

We ensure continuous support for the development of business by creating and disseminating cross-industry best practices and critical knowledge, and help members understand and keep abreast of changing economic conditions, the regulatory and taxation environment, and rapid technological change. Operating through several internal Committees, representing all manufacturing verticals, we regularly host business conclaves, conferences and industrial visits as member-connect programmes to share best practices which can be replicated back at their work places.

We provide strong interface with the Union and State Governments in the formulation of industrial policy, sector specific schemes and policies, with industry expertise, cutting edge research and incisive analysis. We regularly send out representations on both immediate and long-standing issues. With a powerful voice in the Government, and a credibility built over several decades, we make sure Industry's representations are heard by the Government.

INSPIRATION

In the early 90's a few visionaries were distressed by the plight of Small-Scale Industries in India. This prompted them to think of establishing an organization that supports and takes up cudgels for MSME causes. Having realized that there are only state or local level industry associations for Small Scale Industrial Units, Laghu Udyog Bharati (LUB) was thus founded in 1994 at the national level to serve in this crucial sector.

OUR AIM

- LUB-K aims at providing facilities for the growth and development of MSMEs. It provides a forum to MSMEs to interact, help each other and resolve problems faced by them, thus encouraging them to play a part in overall development of the country.
- The MSME sector has distinct advantages of low investment and high potential for employment generation in rural / semi-urban regions.
- LUB works for the betterment of MSMEs and inspires its members to keep a congenial and amiable relationship amongst business owners, management, staff, clients, suppliers, financiers and in addition, all governments departments.

LUB-K INITIATIVES

INDIA MANUFACTURING SHOW

- ❖ **India Manufacturing Show** : The India Manufacturing Show is more than just an exhibition conducted Biennial. It is a platform that drives innovation, industrial growth and business transformation. By bringing together technology, talent and opportunities, IMS helps shape the future of manufacturing in India and beyond.

Whether you are a manufacturer, entrepreneur, investor or technology enthusiast, the India Manufacturing Show offers valuable insights, networking opportunities and a glimpse into the next generation of industrial excellence.

- ❖ **Global Food Pro** : The Premier International Food Exhibition & Conference. Global Food Pro is India's insistent dedicated B2B platform for the food processing and allied manufacturing sectors, bringing together the full ecosystem, from raw material suppliers to end-product manufacturers, machinery providers to packaging specialists. Organised by Laghu Udyog Bharati - Karnataka and IMS Foundation, GFP is built on decades of industry credibility and a proven track record of transformative trade events.

- ❖ **Tech Bharat :** Tech Bharat is a flagship startup, innovation and technology ecosystem initiative driven by IMS Foundation in collaboration with Laghu Udyog Bharati Karnataka (LUB-K).

TechBharat was created to:

- Strengthen India's startup and MSME ecosystem
- Connect innovators with industry, investors, academia and government
- Promote technology-led entrepreneurship
- Enable B2B (Business-to-Business) and B2G (Business-to-Government) collaboration
- Support commercialization, innovation and technology transfer for MSMEs and startups

- ❖ **Gramashilpi :** The Gramashilpi initiative by Laghu Udyog Bharati - Karnataka (LUB-K) is a rural artisan empowerment and heritage-conservation program focused on reviving, upgrading and commercializing traditional hand crafts and handloom ecosystems across Karnataka and India.

Gramashilpi aims to:

- Preserve traditional rural art forms and indigenous craftsmanship
- Support rural artisans with market access, training and entrepreneurship
- Create sustainable livelihoods in villages
- Encourage the next generation to continue traditional crafts
- Integrate artisans into modern value chains and e-commerce ecosystems

- ❖ **Kusuri Mane :** Laghu Udyog Bharati Karnataka 's Kusuri Mane is a women-centric social and entrepreneurial initiative focused on promoting indigenous handmade products, rural craftsmanship and women-led micro enterprises.

The initiative functions as a curated platform that connects artisans, self-help groups, homemakers and small manufacturers with urban consumers, helping preserve traditional skills while generating sustainable livelihoods. It also supports the broader MSME and "Vocal for Local" ecosystem championed by LUB-K.
